## Payactiv, A StoreForce Partner

At StoreForce, we're not just about understanding the needs of retailers and their teams; we're about turning that understanding into action. Studies show that personal financial stress affects work performance and increases turnover. With 82% of employees worrying more about finances than health, Earned Wage Access (EWA), provides instant access to earned wages, alleviating financial burdens.

### What is an Earn Wage Access System?

Earned Wage Access (EWA) is a revolutionary financial solution that enables you to access a portion of your earned wages before your scheduled payday. Payactiv is an innovative Earned Wage Access (EWA) system that now effortlessly integrates into the StoreForce platform!

## Payactiv is a game-changer:

1

### No More Financial Stress

Harvard Kennedy School's Todd Baker conducted a groundbreaking study on EWA's impact. The results are compelling—EWA reduces turnover by at least 19%, and increases productivity, engagement, and morale, translating into substantial savings for businesses.

2

### Proven Business Impact

Expenses often don't align with pay periods, leading to financial stress for employees. EWA mitigates this stress, enhancing business outcomes. Moreover, EWA creates a competitive edge in recruitment, with 79% of workers willing to switch to employers offering EWA.

3

### Bonus Recruiting Advantage

Financial stress negatively impacts health and decision-making. Utilizing low-cost fintech solutions like Payactiv significantly improves financial resiliency, reducing stress-related health issues and fostering a proactive approach to finances.

4

### Employee Well-being

Todd Baker's research showcases that employees using Payactiv stay longer, are more engaged, and experience reduced absenteeism.

### Strategic Workforce Dynamics

Transform your workforce dynamics with employees who stay longer, are more engaged, and experience reduced absenteeism. Discover how StoreForce can be your tool to increase top-line sales in each of your stores and make your associates happier working for you.
